## Description

Custom Line 106’ is the new jewel in the planing series. Following suite with the Custom Line 120’, it is the second model designed by Milan-based naval architect Francesco Paszkowski, working in close collaboration with the Strategic Product Committee and Ferretti Group Engineering Department. Custom Line 106’ is the extraordinary result of a creative Italian approach that transfers the languages and styles expressed by eclectic and complementary design universes to the maritime environment.
