Description

wallytender43X 'X' stands for exhilaration when it comes to this perfectly formed dayboat. With the capacity to specify up to three outboards on the V-transom, speed is at the very core of the design of the wallytender43X.Packing the same angular aesthetic and slippery hull as the wallytender43, this outboard version can exceed 50 knots with the option of three Mercury Verado 450R racing engines. And yet, control is pitch-perfect; the hull delivering exceptional seaworthiness. Joystick controls, dynamic positioning and autopilot come as standard.Flexibility is another defining trait of the wallytender43X, which converts easily between a family day boat, superyacht tender or resort shuttle. The innovative centre cockpit offers optimum protection
